Pimpri, Pune

Skills

Technical Skills

Programming & Backend Development:

- Java (Core & Advanced), JDBC, Servlets, JSP (Introductory), Python
- Spring Framework (IoC, MVC, AOP, Annotations, DAO)
- Spring Boot (RESTful API Development)

Database & ORM:

- Hibernate (Object-Relational Mapping), MySQL

Frameworks & Design Patterns:

- Spring MVC (Model-View-Controller)

Project Management & Build Tools:

- Maven, Gradle, Jupyter-Notebook, VS Code

PROFESSIONAL SKILLS

- Quick Learner
- Leadership Skills
- Lead Generation
- Good Communication Skills
- Interpersonal Skills

Languages Known

- ✓ English
- ✓ Hindi
- ✓ Marathi

HOBBIES

- Cricket
- Travelling
- Nature Trek

Career Objective

Seeking a challenging position as a Software Engineer to utilize my technical and design expertise in software development, testing, and quality management while contributing to innovative and high-quality software solutions.

ACADEMIC DETAILS

Course	Specialisation	Institute/ College	% CGPA	Year
BSc	Comp. Sci.	Dr DYPACS College, Pimpri	69.34	2025
Class XII	Science	S. M. V. V, Dhanegoan	75.17	2022
Class X	_	DKP English School, Nilanga	90.60	2020

PROJECTS

- **Farmer-Consumer Direct Connection System**
  A Java-based console application aimed at establishing a direct platform between farmers and consumers, allowing farmers to sell their products directly to consumers without intermediaries. This system facilitates product listing, order management, and consumer feedback through an easy-to-use interface.
- **Edu Track: Student & Attendance Monitoring System**
  Developed a web-based system for managing student data, subjects, and attendance records with secure, role-based user authentication. Integrated Spring Boot for backend services, Spring Security for user roles, and MySQL for data storage. Key features include student/subject management, attendance tracking, and secure login for administrators, faculty, and students.

Experience

- **Accessibility Testing Intern**
  Tekvision Softtech & Accessibility Solutions LLP | [April 25] – [July 25]
  Completed manual accessibility testing of websites and PDFs based on WCAG 2.1 standards. Used tools like Axe, WAVE, and NVDA to identify and report issues. Assisted in PDF remediation using Adobe Acrobat. Collaborated with developers to ensure compliance and improve accessibility. This experience helped me develop a strong foundation in digital accessibility and inclusive design practices.

CERTIFICATE / COURSES

- Full Stack Java from The Kiran Academy, Pune
- Two-time winner in NSSE (National Scholar Search Examination).
